## BOARD OF SUPERVISORS

estimate made on the cost of repairing ind rearranging the boiler, grates and moke connections in such manner as to create better draught and get better service at less expense, the parties making the estimate guaranteeing the service. The cost of this arrangement would be \$75.

Your committee would recommend that the said bath tub and connections be put in; also that the boiler now in use he repaired and rearranged. In the judgment of your committee the entire fault with the boiler now in use and the reason for there being so much waste of coal is on account of the smoke connections not being properly constructed so as to give sufficient draught, and as these can be done for the small amount above named it

should be attended to at once. Your committee would also report that in accordance with the instructions of your honorable body they have procured an estimate of the cost of reconstructing the upper story of the north wing of the jail and putting in iron cells similar to the cells now in use in the south wing of the jail, and herewith submit to your honorable body for consideration, an estimate of the cost, together with the drawings showing the arrangement of the cells.

Respectfully submitted, H. O. SCHERMERHORN, M. J. Unmen. CHAS. E. HOGADONE,

E. C. WOODWORTH, FRANK LAUNER, Committee on Public Buildings. The following report was read: To the Honorable Board of Supervisors

The following opinion was read, and on motion of Mr. J. W. Walker the same was received and placed on file: To the Honorable Board of Supervisors for the County of Kent:

Gentlemen-In the matter of the payment of the salary of the bailiff of Police Court, referred to me by your Finance Committee, I would respectfully reports

I find from an examination of 3 Howell's Statutes, section 6,591, d5, that the bailiff shall receive a salary at the rate of \$800 per year, to be paid in the same manner as the salary of the Judges of Police Court is paid.

Section 6,591, d3, 3 Howell's statutes, provides that the police judge shall receive an annual salary of \$1,800 per year, one-half of which shall monthly, in the manner provided by law for the judge of the superior court of Grand Bapids, and one-half of which shall be paid by the treasurer of said county, out of the treasury of said county, in the manner provided by law for the payment of the salary of the proscenting attorney.

I am unable to find any other provision that relates to the payment of the salary of the bailiff of police court, except the above section, which provides that it shall be paid in the same manner as the salary of the judge of police court.

I think the county of Kent is liable for one-half the malary of bashiff of polies court under the above provisions. Respectfully submitted, W. F. McKNIGHT.
